

## Section 1 - Eligibility confirmation

### Guidelines, eligibility questionnaire & the Terms and Conditions

By checking this box, you are confirming that you have read the guidance documents for this call and have completed the eligibility questionnaire, both of which are located on the "[Apply for funding](#)" page on our website. Please also ensure that you have read and understood the [Terms and Conditions for Research Grants](#) before you go on to complete the application form.

Unchecked

### Community co-applicant(s)

Proposals for funding should include community organisations and, where appropriate, other relevant stakeholders playing an active and engaged role in all aspects of the proposed study and its development. Please select the option that applies to your research. This proposal includes:

- At least 1 co-applicant from a community organisation with whom the proposed team has a relationship
- A request to partner with 1 of the 2 community organisations selected by the Trust for the call

## Section 2 - The research proposal

### Title of the proposed research

*No Response*

### Proposed start date

Please note the timeline of the entire application process in the guidance documents and that the proposed research cannot commence until all conditions stated in any Grant Offer Letter have been fully met.

*No Response*

### Indicative timescale for the proposed research (in months)

*No Response*

### Award type

Please indicate what grant / award type you are applying for from the below list:

- Proof of concept / seed funding grant
- Project grant
- PhD studentship(s) (as a prospective supervisor)
- Post-doctoral fellowship
- Other (please specify)

### The research proposal

Please tell us what you propose to do. This should include: the background / scope of the proposed research and how it relates to the themes of this call for proposals, why there is a need for it, the new knowledge it will bring, the research question(s), an overview of the methodology to be used and

the proposed impact (i.e. the benefit it will bring, to whom and when).

(1000 words max)

*No Response*

### Academic abstract

Please also provide an academic abstract summarising the above, which we will use to approach external peer reviewers if your proposal proceeds to the full application stage.

(400 words max)

*No Response*

### What do you want to see happen as a result of your proposed research?

What are the planned outputs / outcomes of your work, and how you will go about sharing them and influencing future policy and/or practice?

(400 words max)

*No Response*

### Please provide the key references for your work

The preferred reference format is Harvard.

*No Response*

### Please outline the risks and your contingency plans for your proposed research

This should include, but is not limited to, your arrangements in light of the ongoing impacts of the COVID-19 pandemic.

(400 words max)

*No Response*

### Other work

Please summarise how this application relates to any grants funded/considered by the Trust or any other organisation (pending, ongoing, completed and/or re-submitted) and/or other work carried out by the proposed team.

(400 words max)

No Response

### Additional information

Please note that figures and/or tables cannot be uploaded at this stage of the application process. If you are invited to submit a full application, you will be asked to provide full details regarding the proposed research (including, but not limited to, figures/tables, timelines, required approvals, National Institute for Health Research (NIHR) Clinical Research Network support (if appropriate), animal use, Intellectual Property, Excess Treatment Costs (if relevant) etc.) If you believe your study may involve Excess Treatment Costs, we advise you to read the "What costs will you cover?" question in [the FAQs section of our website](#) for further information.

### Keywords

Please list up to 6 keywords that you think best describe and categorise your proposed research.

## Section 3 - About you and the proposed team, including co-applicants from community organisations (if any)

### DETAILS

<b>Name</b>	Oliver
<b>Surname</b>	Soutar
<b>Email (Work)</b>	oliver@dunhillmedical.org.uk
<b>Address</b>	United Kingdom of Great Britain and Northern Ireland (the)

### GMS ORGANISATION

No Response

### Information regarding the Principal Investigator

The following few questions ask for information regarding the Principal Investigator/lead applicant (information will be retrieved from [ORCID](#) so please ensure the Principal Investigator/lead applicant has their ORCID identifier added to their profile). Please note, if you are invited to submit a full application, you will be asked to provide similar information for all co-investigators/co-applicants involved in the proposed research.

### Lead applicant: your current role/position?

No Response

**Lead applicant: please select the option that best describes the nature of your current contract**

- Permanent
- Fixed Term
- Other (please specify)

**Do you consider yourself an early career researcher?**

The ethos of the Dunhill Medical Trust is to promote the development of research capacity and support for the career development of researchers at all stages of their career. Therefore, we are asking this question to monitor our commitment to this ethos, as well as our commitment to uphold the principles of the [Concordat to Support the Career Development of Researchers](#).

- Yes
- No

**Degrees and professional qualifications**

*No Response*

**Employment**

Please provide details of your last three positions, starting with the most recent.

*No Response*

**Current/most recent externally funded research grants you have held as a Principal Investigator/lead applicant.**

If you do not have any, please provide a brief explanation (e.g. you are an early career researcher or first-time Principal Investigator etc.)

*No Response*

**Peer reviewed publications**

*No Response*

**Awards, prizes and markers of esteem**

(300 words max)

*No Response*

**Please list your collaborators (if any)**

A collaborator is an individual who will supply technical advice or other resources, but who will not be involved in the day-to-day execution of the proposed research. If you are invited to submit a full application, you will be asked to provide detailed letters of support from your collaborators.

### Suitability of the team

Please summarise the suitability of the Principal Investigator/lead applicant, co-investigator(s)/co-applicant(s) (including from community organisations, if any), collaborators (if any) and any other members of the team to carry out the proposed research, including their background, expertise and track record. We welcome multidisciplinary teams (where appropriate) and, whilst research proposals should primarily focus on issues relevant to the UK, justified international collaborations are permitted.

In this section, we would also like to know the time committed to this research by each team member, especially the Principal Investigator/lead applicant and co-investigator(s)/co-applicant(s).

(400 words max)

*No Response*

### Research environment

Please check here to confirm you are confident that you will have access to the facilities, equipment, samples, specialist advice and other resources you will need to carry out the proposed research. If you are invited to submit a full application, you will be asked to provide further details.

Unchecked

### Institutional/organisational support

In checking this box, you confirm that the Head of Department and any other finance/administrative authority at your institution/organisation are aware of this proposal, and that, if awarded, the research will be accommodated and administered by the lead institution/organisations for the duration of the proposed work. If you are invited to submit a full application, you will be asked to provide detailed letters of support.

Unchecked

## Section 4 - The partnership with the community organisation(s)

### Video submission

This part of the application form relates to the mandatory submission of a video, which should be a maximum of 3 minutes long (any videos longer than this will not be accepted). This video will help us to understand the proposed partnership with the community organisation(s) involved in your proposal. Please see the call guidance documents for more information on how to submit your video by the deadline date.

## Section 5 - Approach to capacity building, career development and support

## Capacity building, career development and support

Please summarise how this proposal commits to capacity-building and researcher career-development in ageing-related research during and beyond the lifetime of the proposed work. This can include, but is not limited to, development of early career researchers, encouraging established researchers in other disciplines to work in the area, as well as encouraging those who wish to return to research.

If the research is to be led by a first-time Principal Investigator/lead applicant, we also want to see that there is an experienced team in place and that they will provide a suitable programme of support.

(400 words max)

*No Response*

## Section 6 - Equity, diversity and inclusion

---

### Equity, Diversity and Inclusion (EDI)

The Trust is committed to principles of equity, diversity and inclusion. This includes issues related to the characteristics that the [Equality Act 2010](#) protects, as well other characteristics such as socio-economic status, geographical location etc.

Please explain the approach to equity, diversity and inclusion in the context of the organisations involved and the development of the proposed research.

(400 words max)

*No Response*

## Section 7 - Financial support requested

---

## Budget table

Please define your budget request in the table below. Instructions on how to enter your proposed budget costs are provided in the “how to” guide for using the Grants Management Portal. Please only include details of the financial support you are requesting from the Trust (i.e. do not include any part or in-kind contributions from other sources, as you can detail these below).

You may, optionally, invite a Finance Officer to help complete your budget. Please ensure that the costs entered are accurate as they can be at this stage of the application process.

The guidance documentation for the call and funding FAQs on our website include information regarding eligible costs.

Budget heading		Year 1			Total
		Quarter 1	Quarter 2	Total	
<b>Grand Total</b>	<b>Cost</b>	<b>£0.00</b>	<b>£0.00</b>	<b>£0.00</b>	<b>£0.00</b>

## Part funding and/or in-kind support

If applicable, please briefly outline any other sources of part-funding and/or in-kind contributions that will be supporting the proposed research.

(250 words max)
