Similarly, no opinion or suggestion expressed by the Trust

or Trustees in relation to the Grant Project will be treated as advice or relied on as such by the Grant Holder.

- c) The offer or award of a grant for purposes which consist of or include the payment of any salary in connection with, or in support of, the Grant Project does not imply that the Trust takes upon itself any of the responsibilities of an employer or is to be regarded as such.

- b) Where the Grant Project is anticipated to continue for more than one year, it will be paid annually in instalments, and will be subject to the fulfilment of certain specific conditions and/or submission of a progress report which demonstrates that appropriate progress has been made in accordance with clause 6 (c) below.
- c) The Grant must be activated within 12 months of the date of the Grant Offer Letter. Only in exceptional circumstances will the Trust consider deferring the Grant beyond 12 months.

 - i. the Grant Holder will inform the Trust as soon as reasonably practicable and submit any request to alter the Grant Project in writing;
 - ii. at the Trust's discretion, the Grant may either be withdrawn or varied;
 - iii. any letter or electronic communication agreeing to such variation shall constitute an amendment to the Grant Offer Letter;
 - iv. in appropriate circumstances the Grant Holder may be required to resubmit a new application to justify the continuation of the Grant.
- e) The Grant Holder must inform the Trust without delay of any change of its status which may affect its ability to comply with these Terms and Conditions.
- f) In the event that the Grant Holder completes the Grant Project without spending the full amount of the Grant, the Grant Holder must repay to the Trust all unspent funds and the Trust will not be obliged to make any further payments to the Grant Holder in respect of the Grant.
- g) Any expenditure incurred by the Grant Holder outside the period of the Grant or over and above the Grant will not be reimbursed by the Trust.

administer the grant. Where elements of expenditure under the Grant have been subcontracted, the Grant Holder must ensure that the Trust's right to audit extends to any such subcontractor in relation to the Grant Project.

- b) To facilitate audit processes a separate accounting cost code specific to the Grant shall be maintained by the Organisation and all costs and income properly relating to the Grant shall be accounted for through that cost code. The Grant Holder should ensure that appropriate records are kept to support the entries made on the cost code.
- c) The Grant Holder must ensure that the control of expenditure to be funded under the Grant is governed by its normal standards and procedures and is covered by any formal audit arrangements that exist.
- d) The Trust has the right to request from the Grant Holder at any time any financial information relating to the Grant Project; and to ask for confirmation from the Grant Holder's external auditor or independent examiner:
 - i. that the external auditor or independent examiner has signed their opinion on the annual accounts of the Grant Holder without qualification; and
 - ii. that any management letter from the auditors raises no matters that did or could significantly affect the administration of the Grant. If the auditors have raised any such matters in their management letter, the Trust may require the Grant Holder to provide it with relevant extracts from the letter.

signed statement as to how the grant monies have been spent during the preceding year and details (where appropriate) of any other funds obtained from third party sources and applied to the same project.

- d) The Trust in its absolute discretion reserves the right, following consideration of the annual progress report and/or of any monitoring visit, to terminate the Grant or to withhold further payments of the Grant upon **such terms or conditions as the Trust shall think fit in the circumstances.**
